

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT PERMIT MODIFICATION

PERMIT NO.: ST-8086

APPLICANT: CLIFFSTAR CORPORATION  
1164 DELL AVENUE  
WALLA WALLA, WA 99362

FACILITY: CLIFFSTAR CORPORATION

Cliffstar Corporation has applied for a modification of State Waste Discharge permit in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW) and Chapter 173-216 Washington Administrative Code (WAC).

Cliffstar Corporation presently owns or operates a Juice Packaging Plant wastewater treatment plant which is designed to handle a maximum daily flow of 250,000 million gallons per day. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued.

Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated wastewater from Cliffstar to the City of Walla Walla POTW.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
